* black telescopic fork

Preview truck 9

In truck 9, which we expect end of August probably, you can order any URAL you want until 17.07.2020.

2.) Cancellation of the ninth European URAL meeting

We have received regulatory approval with several conditions for the event. We had t-shirts and merchandising for the event produced months ago. We have received many registrations from all over Europe, rooms and hotels in the region are fully booked for the meeting.

However, today we decided with a heavy heart to cancel the event. With us in Upper Austria the COVID-19 infections are increasing again strongly. We have to wear masks here again and are faced with new restrictions every day. We all expect the situation to get worse. An official ban on events can be imposed at any time and is even highly probable for autumn.

We know that everyone is looking forward to the Ninth European URAL Meeting, that many have planned their vacation around the meeting, that rooms have been booked.

The risk that we have to cancel the event is increasing every day. Therefore, we prefer to pull the emergency brake sooner rather than later. We are really sorry.

If you need help canceling a room, ask for information, we will talk to the inns and hotels.

If you still want to visit us in early September, we are still there. We will set up a grill, have drinks, you can also camp with us to a limited extent. But we will not be hosting a big event as usual.

Let's hope that we can catch up on the Ninth European URAL Meeting soon and everyone stays healthy!

3.) sales situation at URAL

We are currently receiving a large number of inquiries from URAL interested people from all over Europe as to whether URAL will have EURO 5 next year. As already announced, the development and implementation for EURO 5 has stopped. No appointments were even made for laboratory tests. We expect to receive no motorcycles from Russia for Europe before middle of 2021.

Therefore, we strongly advise all interested people to buy an URAL this year. We recommend that you use the argument of impending unavailability next year when buying an URAL in 2020. In addition, we already know today that URAL will increase the price again strongly next year.

4.) holidays

We are on company vacation from August 1 to 15, 2020.

We kindly ask you to submit motorcycle and spare parts orders to us as soon as possible.

Best regards
URAL-Team Austria
