The holder for tube ahead silencer needs to be fixed between frame and rubber, otherwise there is conflict with sidecar fixing strut, see picture:

Ad 6.) Italian silencer system expires

We cannot deliver following exhaust systems in Chrome anymore:

ID2233, ID2230, ID5044, ID2232

We cannot deliver following exhaust systems in stainless steel anymore:

ID5042, ID5037, ID5045, ID5039

The black exhaust systems from Italy are still available, but will expire also soon.

Reason: Our supplier does not deliver anymore.

At the moment we are testing prototypes of replacement silencer kits.

We are planning silencer kits in cigarette style in stainless steel and black ceramic coating. They will look and sound different than expired silencers, we will be able to deliver in January 2020.

Best regards
