Ad 2.) reminder: Expiration warranty claims

Only warranty claims containing all necessary information can be processed.

Please make sure that we have received a consent form for each customer according data protection. Without this consent we do not process a warranty claim. We have the appropriate forms (patterns - these need to be adjusted according to your data) added again for you. You can also find them at www.ural.cc/b2b (user: uraldealer password: br0815ille).

Again and again we receive inquiries from you about the processing status of your warranty claims. Your warranty claims will be administered by us according to the VIN (vehicle identification number). For information on the processing status of a warranty claim, we therefore always need the VIN. Without them, we cannot assign your requests.

Ad 3.) warrant registration speedometer

As a reminder: If a digital speedometer is requested in warranty, the serial number of the defective speedometer must be announced on the warranty form. The number is engraved on the back of the speedometer, e.g. P041991.

NEW: The factory demands from us all defective speedometer back. We therefore ask you not to dispose of the defective speedometer in any case, but to return to us at the latest at the dealer meeting with a copy of the warranty claim or send it to us in advance.

Ad 4.) dealers meeting 2019

The dealers meeting will take place on Saturday 2nd of November 2019. We will organize the overnight stay again at the Hotel Fischer in Marchtrenk. We ask for registration as usual. You can also find the registration form attached.

Ad 5.) office holidays Congenia 2019

We are closed from 5th of August until 16th of August.

Ad 6.) Model Ural Classic

The Ural Model Classic has a telescopic fork by Marzocchi.
This fork is no longer produced. Currently we process Marzocchi fork remainders.
There are 120 forks in black.
There are 10 more forks in natural aluminum.
It can still be built 130 pieces Classic.

In 2 months we will be able to deliver Classic in black with double white pinstripes no longer with fork in natural aluminum, but must also deliver this model with black fork. We expect that by the end of 2020 we will have to discontinue the Classic model altogether in the absence of such front forks.

Ad 7.) Domino combination switch right with light switch

Again and again we receive inquiries about the article combination switch right model year from 2007 until 2013.

We could arrange a new edition of 300 pieces with the manufacturer Domino. These right-hand fittings with light switches will be available again from September 2019.

As usual under

ID 2803, IMZ-8.1037-18021-30, Switch rightside from 2007 until 2013

The prices are expected to be adjusted.

Ad 8.) conversion kit EJ injection system to Keihin injection system

Nik Hays of Ural USA informs us that by the end of 2019 a conversion kit for Electrojet injection systems of model years 2017 and 2018 for the current Keihin injection system will be available.

Dealer price EUR 1,100,--

Retail price excl. VAT EUR 1.600,--

We ask for your assessment as to whether a conversion kit will be marketable at these costs. Ural USA needs a pre-order from us. But we have no idea how many kits we should buy.
